“

Previous participants

100% of previous participants who gave feedback rated the course as 'Excellent'.
Here is what they said:

"I was lucky enough to have a placement on a course which allowed me to qualify into sustainability with IEMA which has always been **a dream of mine.**"

"Great knowledgeable tutors and insightful variety of subjects covered. **On day 1 I felt exactly in the right place**, discussing and learning about sustainability with like-minded people and others eager to learn and do better to create a positive impact - tutors included!"

"I highly recommend this course and the delivery organisations. The whole team really made this Bootcamp very **insightful, engaging, participative, and fun.**"

"This Bootcamp is certainly a value addition to those looking to **augment their skills, start fresh, or want to learn and pursue a career in sustainability.**"

”

Meet the lead trainers

Eleanor Wills

Eleanor works as the Senior Sustainability Education Officer at sustainability education charity, Change Agents UK. In her role, she develops and delivers training across sustainability awareness and skills, including their flagship Sustainability Leadership Skills Programme.

David Knight PIEMA

David is a Principal Consultant and Technical Lead at PECT & Investors in the Environment (iiE). With over 10 years experience in carbon & energy management, he leads PECT & iiE's energy consultancy services and the development of its carbon management tools.

You will also gain access to wider team for further mentoring, training & guidance.

Course Providers

Change Agents UK

Change Agents UK, a charity and not-for-profit, has helped thousands of professionals, students and career seekers forge their career in sustainability over 27 years.

PECT is a sustainability charity with over 30 years experience of delivering low carbon and sustainability focused training programmes to businesses and community organisations.
